  - d. Office Visit Services 99202-99215
4. If the newborn is admitted and discharged from a hospital setting or birthing center on the same calendar day, report:
  - a. 99463
  - b. 99460
  - c. 99239
  - d. 99234
5. Code \_\_\_\_\_ is reported if the newborn is seen in another place of service other than the hospital or birthing center.
  - a. 99461
  - b. 99460
  - c. 99463
  - d. 99464
6. Codes \_\_\_\_\_ are reported when the patient's condition requires that a physician provides physical attendance and direct face-to-face care to a patient age 24 months and younger.
  - a. 99466 and 99467
  - b. 99460 and 99463
  - c. 99485 and 99486
  - d. 99464 and 99465
7. For codes \_\_\_\_\_, care time includes all two-way communication between the control physician and the specialized transport team prior to transport, at the referring facility and during transport of the patient to the receiving facility.
  - a. 99466 and 99467
  - b. 99460 and 99463
  - c. 99485 and 99486

## Lesson 9 Module 5 Homework – 99450-99480

- d. 99464 and 99465
8. Code \_\_\_\_\_ is used for subsequent neonatal encounters during the same hospital stay, even if the patient is readmitted for neonatal critical care during the same stay.
- a. 99468
  - b. 99469
  - c. 99233
  - d. 99471
9. Code 99477 may only be reported for a neonate \_\_\_\_\_ days of age or less.
- a. 7
  - b. 8
  - c. 28
  - d. 14
10. Subsequent care codes 99478-99480 are reported for recovering infants and based on \_\_\_\_\_.
- a. current weight in grams
  - b. days of age
  - c. current bmi
  - d. the length of stay
